

2023 CONFERENCE

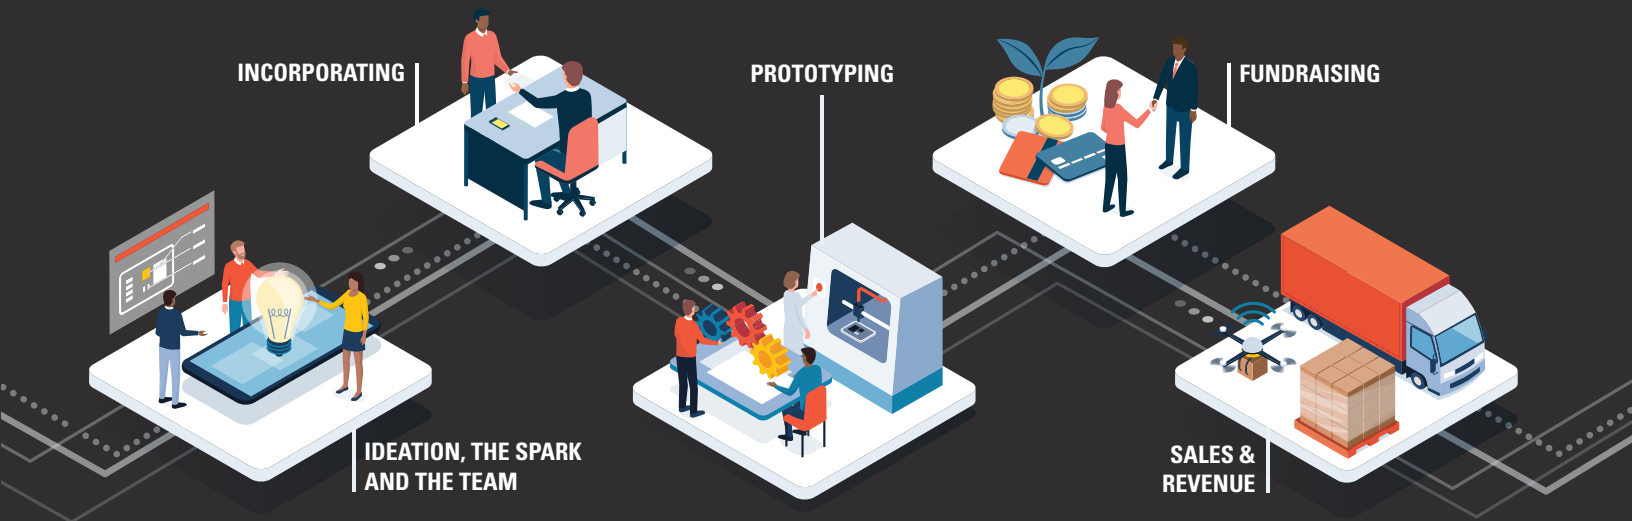

CATALYZE

Accelerating Commercialization at NC State

Commercialization
Event Sponsored
by the Comparative
Medicine Institute

[CLICK HERE TO REGISTER](#)

On February 23rd 2023, the Comparative Medicine Institute (CMI) is sponsoring CATALYZE, a NC State wide commercialization conference to spark ideas and team formation for commercialization at the earliest stage. Commercialization begins with good ideas and a small team that dreams big. CMI is committed to provide the resources and networking to launch such teams towards success.

- CATALYZE will include an entrepreneurial competition where teams pitch their ideas for new startup formation
- Teams will be composed of students and postdocs with science and business expertise Teams can be up to five people and should include at least two trainees i.e. student / postdoc.
- Teams will pitch the ideas at the conference and the winning teams will receive up to \$2,000 to further explore their ideas.
- **NEW THIS YEAR**
Beginners Guide to SBIR/STTR: An introductory workshop to secure funding for your startup.

Thursday, Feb 23rd, 2023

The McKimmon Center at NC State
9:00AM - 5:00PM

Are you ready to explore the commercialization of your science and technology?
